Breakfast To Go Bar

STARTERS

You can stock your coffee bar set up with necessary items, providing a range of flavored coffee & cream choices. Moms or caregivers can swiftly grab a to-go cup while dropping off their children before heading to work.

THE MEAL

Choose a variety of croissants and pastries that are freshly baked to offer during drop off. Consider options like plain croissants with sides of jelly, fruit-filled pastries, and/or donuts. Arrange a table or use a portable stand where you can display the croissants and pastries attractively. Your thoughtfulness will let your moms know how thankful you are for them.
